🏛 **Exam A**

🪙 24 Oct

> 3h Topic 1
> Task 1
> Task 2
> Task 3

🪙 25 Oct

> 3h Topic 1
> Task 4
> Task 5
> *Topic 1 completed!*
> 1h Topic 2
> Task 1

○ 26 Oct

> Rescheduled

○ 27 Oct

> No Activity

Export button here exports the list as CSV with 2 columns: date and activity

- Similar slider layout as with bar chart bear, one page for each exam.
- This lists the topic and individual tasks done.
- Note that the hours against the task is not displayed here.
- Task is listed as done on the day if it is COMPLETED on the day. e.g. on 24 Oct the user may have done 50% of task 4 but it doesn't get shown on that day.
- When a topic is completed a separate entry is shown and highlighted as shown.
- Bear token earned is also shown here. If not earned then just a blank circle.
- Note the topic name is repeated for each day, e.g. 24 Oct and 25 Oct both have 'Topic 1' as headers before listing tasks completed.
- Automatic scroll down to date last visited to this page.
